INTRODUCTION

Frena Community Based Organization is a community-focused entity that champions, promotes, and supports issues affecting youth, women, and persons with disabilities (PWDs). Through its work, the organization seeks to strengthen and build resilient refugee communities, enabling them to become drivers of positive social transformation. Frena empowers these groups to become self-reliant and live lives of dignity by providing access to adult education and vocational training. The organization offers skills development in Fashion and Design, ICT, Plumbing, Catering, Refrigeration and Air Conditioning, Languages Acquizition, Beadwork, Carpentry, Hairdressing, and Beauty Therapy.

Our Training Center

VISION

Achieving an Intergration community in which diversity spurs holistic human development.

MISSION

To build resilient refugee commumities that become catalyst of social transformation.

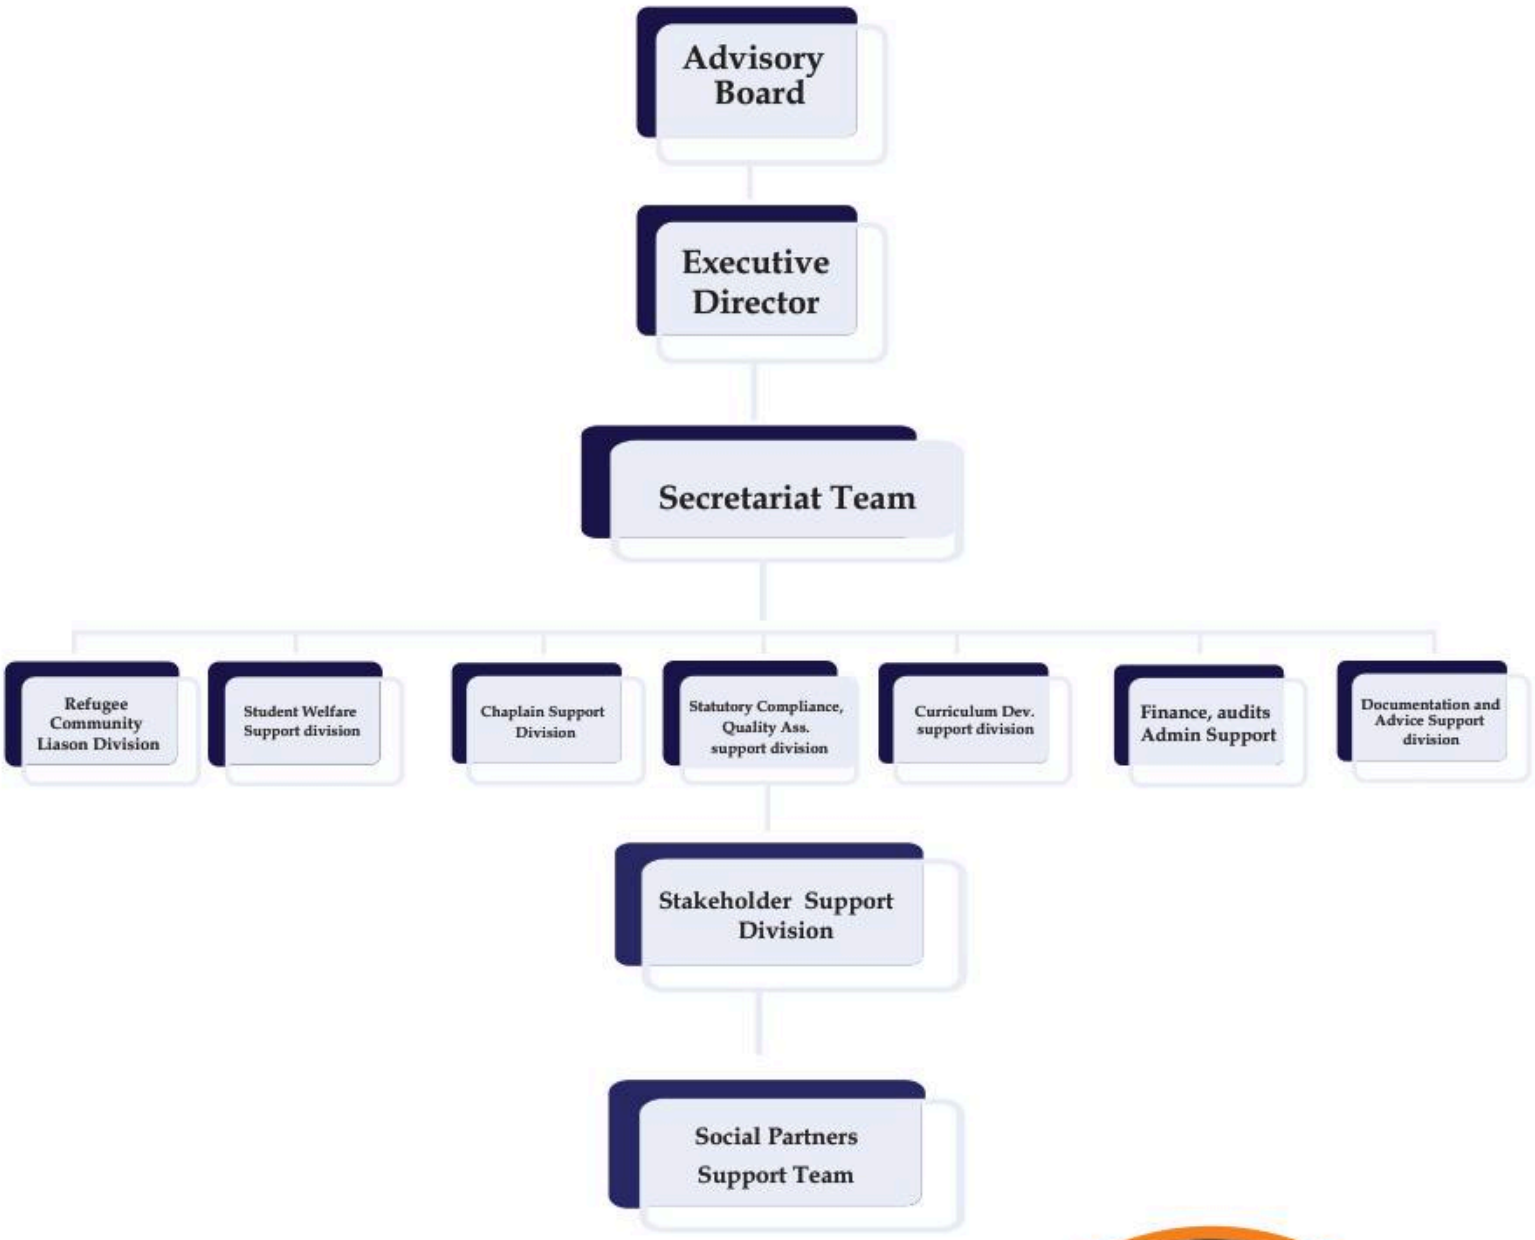

VALUES

To create a forum for conflict resolution, peace building and self sustainability interventions.

Stakeholders Meeting

ORGANIZATIONAL STRUCTURE

Executive Director/ Co-founder

AIM

1. To champion, promote and support issues affecting youth, women and persons living with disability (PLWD's), with sole motive of making them become self-reliant and live a life of dignity.
2. To champion, promote and support adult education and vocational training on various skills such as tailoring, catering, music and dance, hair dressing and beauty, salon management, ICT skills and language learning.
3. To champion, promote and support cleaner community environment, cohesion amongst local and urban communities, peace and reconciliation.
4. To champion, promote and support talents of the youth from both urban and local refugee communities.
5. To champion, promote and support vulnerable professional refugees in Kenya by securing job opportunities with fair wages and preventing exploitation through referrals to other organizations and active employer engagement.
6. To champion, promote and support innovation and youth empowerment programs by organizing training workshops and seminars in business knowledge, entrepreneurial skill and mobilization of resources and financial support.
